WOLF SKILL BODY FOUND IN CREEK

WOMAN HIT BY STATE WITNESS

MARTINEZ, Sept. 19.—The fate of Mrs. Mary Lopas, 30, of Berkeley, charged with attempted extortion will probably be placed in the hands of the jury Friday afternoon.

The prosecution concluded its case early this afternoon while the defense called one witness to the stand. A second witness will be called by the defense early tomorrow morning when trial is resumed before Superior Judge H. V. Alvarado. Whether or not Mrs. Lopas will be called to testify in her own defense is not known.

E. O. Heinrich, Berkeley criminologist was star witness for the prosecution when the trial opened today. Heinrich testified that the handwriting on the letters sent to the late Leo Persico, wealthy Richmond rector and hotel owner, demanding money at the threat of death, was that of Mrs. Lopas.

Named As Author

Heinrich named Mrs. Lopas as the author of the note and two subsequent letters received by Persico, when he took the stand today. He said that his conclusion was reached after he had compared the woman's known handwriting and the penmanship of the letters.

Deputy District Attorney Warren Olney of Richmond, in his opening statement to the jury declared that Mrs. Lopas, when taken into custody after the receipt of the last three letters shortly before Persico's suicide, at first attributed the letters to a mythical blackmail gang but later confessed that she wrote them. She also told police that the gang had once tried to have her poison Persico, Olney said.

Under police surveillance, Olney said, Persico kept a trust with the note writer when a demand (Continued on Page 8)

VIENNA FEARS CIVIL WAR

LONDON, Sept. 20.—UP—The Daily Express Vienna correspondent reported early today that the population of the city was panic stricken, and in inmate fear of civil war following a demand by the Fascist-like Heimwehr organization that the government "reform the constitution or go."

The demand on the government was styled a "last warning" and the correspondent said and declared that the Heimwehr was prepared to make a clean sweep of the present impasse and "hand the ruler of state into new hands."

In conclusion there is an ominous reminder that on Sept. 29 four great marches of Heimwehr members are scheduled at four strategic points around Vienna, said the dispatch.

Fascists Slain By Assassins

CANNES, France, Sept. 19.—(UP)—Crying "down with Fascism," a group of anarchists lay in ambush today, killed Pierre Durini, hotel proprietor, and gravely wounded Constant Zunino. Both victims were well known fascists.

Two Building Permits Issued

Two minor building permits were issued yesterday in the office of A. J. Hurley, city building inspector.

A. Burns was given a permit to renew the joists and a floor in a store building on Macdonald avenue between Second and Third streets.

Steve Barbakis obtained a permit to repair fire damage in a restaurant on Macdonald avenue between fifteenth and sixteenth streets. The work will cost \$50 border region.

Father Love Displayed In New Serial

A heart searching story of father love, sacrifice and abiding devotion to family and home, this is "Say It With Songs" the new serial story which will begin tomorrow in the RECORD-HERALD.

The story is adapted by Arline de Haas, popular writer of fiction, from the photoplay which stars Al Nelson and Davey Lee.

Joe Lane, ex-singer, song writer and radio entertainer, in spite of adversity remains man enough to fight for the love of his wife and child, although it costs him fame and freedom.

Read the first installment tomorrow and follow the story daily in the RECORD-HERALD.

MRS. PANTAGES HARD HIT BY STATE APPEAL

LOS ANGELES, Sept. 19.—UP—After lengthy arguments which brought District Attorney Bureau Pitts into the second degree murder trial of Mrs. Lois Pantages, the state late today won its fight to reopen direct testimony that its experts might be heard.

In overruling the defense objections, however, Superior Judge Carlos S. Hardy rebuked the prosecution for failing to call experts when it presented its testimony at the opening of the trial.

Pitts made a fiery plea for the state, contending that the defense had taken the prosecution by surprise in presenting testimony purporting to show that Juro Rokumoto died because of administration of anaesthetic and not from injuries suffered when his automobile was struck by that driven by Mrs. Pantages.

Woman Accused

The prosecutor held that it was only just that the state be allowed to present testimony at this time to counteract the defense statements.

"Let everyone in this court get this straight," Pitts shouted. "Mr. Rokumoto would be walking the (Continued on Page 5)

Driver Held In Car Crash

L. J. Bussey, 558 McLaughlin avenue, in the city jail awaiting hearing before Police Judge C. A. Odell this morning on a charge of failure to stop after an accident.

Bussey was arrested on the complaint of Joaquin Rolita, of San Pablo, who charged that Bussey failed to stop after their cars had collided.

Rolita charged Bussey for several blocks before he halted him and took him to the police station, police report.

No one was injured and slight damage was done in the crash.

Convict Wounds Woman; Kills Self

SAN FRANCISCO, Sept. 19.—(UP)—A woman who befriended a prisoner when he was released from jail was possibly fatally wounded here today while her assailant, John L. Bruce, was dead from a self-inflicted bullet wound, police announced.

Mrs. Alice Hoover, 40, who had given Bruce room and board, but ordered him to leave today, was in a critical condition.

GENEVA, Switzerland, Sept. 19.—(UP)—Bolivia notified the League of Nations today she had accepted the Washington conciliatory Commission's proposals for settlement of her dispute with Peru over the Gran Chaco region.

FIRING UPON BOAT UNDER PROBE

WASHINGTON, Sept. 19.—(UP)—Possibility that firing of a coast guard patrol boat on the Nova Scotia motorship Shawnee off New York the night of Sept. 11, officially reported here today, might develop importance similar to the "Jim Alone" case is regarded here as hanging upon the location of the vessel when fired upon, a point now in controversy.

The Shawnee's skipper, Capt. John McLeod of Halifax claimed he was beyond the 12 mile limit when fired upon and has announced he will protest to the Canadian government. The government in turn, it is assumed, will determine if a protest to the United States is warranted. McLeod said his ship was 26 miles off New York when fired upon.

Treasury officials here believe the Shawnee was within the 12 mile limit when Coast Guard cutter No. 145 fired at her, on the basis of the report sent here but will make no official statement on this point until a further investigation.

Rear Admiral F. G. Billard, the coast guard commandant, admitted in a statement today that the patrol boat had fired upon the Shawnee as reported, using three blank shots and two charged shots.

The patrol boat fired when the Shawnee refused to obey signals to stop, Billard said. He did not give the location of the ship when the firing was done, but said the coast guard vessel encountered the Shawnee in the vicinity of Ambrose light, which is seven miles off New York and began to chase the Canadian vessel when she refused to stop. It was thought to be an American vessel, he said.

Coast guard officials said a search of their files indicated the Shawnee was a rum runner, operating off the North Atlantic coast from St. Pierre Miquelon.

MANY HOMES LOST DURING COAST FIRES

SAN FRANCISCO, Sept. 19.—UP—For the first time in two weeks, forest rangers and state wardens of the Pacific coast were stamping out timber and brush fires tonight dedicated a "Mary Garden" square in the hamlet of Pella of which she is the "godmother." Villagers danced gavottes around her after she said the baptismal words. Miss Garden intends to stay here as long as weather is good for swimming.

Although five towns with populations of 500 or more had been endangered by the blazes during the fortnight, all of them were declared definitely out of danger. Heaviest losses were suffered by farmers and ranchers.

Smoke in Oregon and Washington still disrupted passenger airplane service but in this state conditions had almost returned to normal.

Appeal For Editor Must Go To Young

SAN FRANCISCO, Sept. 19.—UP—Nearly 100 prominent persons who have asked the board of state prison directors to review the case of Gilman D. Rankin, California and Arizona editor in the hope that his innocence might be determined, must appeal to the governor, Edward H. Whyte, parole officer, said here today. Rankin is serving from five years to life in San Quentin and prison directors cannot handle the case until he has served five years, Whyte said.

Governor Of Kentucky Indicted

ACCUSED OF RECEIVING 'GIFTS'

FRANKFORT, Ky., Sept. 19.—(UP)—Extensive litigation over textbook selection for Kentucky's public schools resulted in the indictment today of Gov. F. D. Slaughter and the state textbook commissioners.

The indictment, returned by the Franklin county grand jury, charged the governor and commission members with receiving unlawful gifts from textbook publishers.

Commissioners named in the indictment were W. R. McCoy, Inez Deltra Evans, Bowling Green; Robert Nickell, Morehead; Gen. Smith, Lexington; S. C. Chesney, Danville, and P. R. Cummins and Sam Walker, Richmond.

All were accused by the indictment of "knowingly and unlawfully receiving gifts from textbook publishers while members of the state textbook commission."

The jury returned the indictment after holding a three weeks investigation during which it questioned representatives of several book publishers and the board members. Governor Slaughter was questioned for several hours.

Brother Of Wright Act Author Freed

SAN FRANCISCO, Sept. 19.—(UP)—Alex Wright, brother of the author of California's prohibition enforcement act, appeared in police court here today on charges of drunkenness, which were dismissed, and openly admitted he did not approve of the law his brother wrote.

"How do you feel about it?" the judge asked. "Now confidentially, do you know if your brother ever violated the law himself?"

"He has never used liquor at all," the defendant said. "All I like he has been a teetotaler."

Alex said that the brother, Theodore, has sometimes lectured him about drinking.

"I told him he ought to be a drink now and then but I'm little broadminded."

THE WOMAN OF IT

BY MARGUERITE MOORE MARSHALL

Copyright Press Publishing Company (New York World) 1929

It's a Poor Rule That Doesn't Work Both Ways

There certainly is one thing to be said for science—It may take a long time and much circumlocution, but sooner or later, it solemnly and authoritatively announces as proved the truths that every woman has known ever since she was born: The longest way around, by way of the scientific laboratory.

Is merely the shortest way home, by way of woman's instinct. Here is the latest illustration: That pleasant phenomenon long known to all American women as "the house-broken husband."

Was reported as a scientific discovery, last week. At the Ninth International Congress of Psychology at Yale University.

The discoverer is Prof. Lewis M. Terman, a member of the faculty of Leland Stanford University. He has been conducting an exhaustive research, including some thousand terms.

On masculinity and femininity and the difference between them.

From a woman's point of view, the professor's most interesting, although—again from a woman's point of view—obvious statement is that marriage makes the most masculine man more feminine—That the matrimonial habit breaks the bachelor's color.

Or, in the picturesque phrases of the leading writers (masculine): "Mr. Feminized by Wedded Life, Scientist Finds." "Married Men Get Traits of Women."

"Feminine Attributes Prevail in Long Run, Convention of Psychologists Is Told."

"Says Women Rule Minds of Husband."

"Finds Masculinity Wanes." "Male Outlook Gradually Becomes More Feminine."

Obviously, there is indicated this column's favorite comment on head-lines:

"THE STRONGER SEX!" Prof. Terman finds, in short, that though the husband may start out in the marital relation with a distinctly masculine outlook.

As the years pass, his mentality tends to switch to the feminine type. Marriage works a subtle change in him.

And before he is aware of it the wife does the thinking for both. Among the reasons suggested for this change are:

Constant association, the effect of love, wisely wiles and this strategy of a well-planned subjugation of terms.

"Well," comments the average wife, who reads of the Terman theory, "I always knew that!"

"Well," comments the average husband—Only he spells it a bit differently, and never mind what she comments!

The rule remains that, after years of marriage, an American—usually succeeds in making her husband think more or less as she thinks.

About staying at home nights, Entertaining Aunt Sally, Sending Tim and Louise to college, Going to a summer hotel, instead of to a fishing camp, for vacations.

If he is fond of her, he learns to share her point of view—or so she argues. That's all very well as far as it goes.

But we are one woman who thinks it ought to go farther.

That what is sauce for the gander is sauce for the goose.

And that it's a poor rule that doesn't work both ways.

If marriage, as Prof. Terman says, "tends to bring the male closer to the feminine type."

Happy marriage ought also to tend to bring the female closer to the masculine type.

A husband ought not to make all the adjustments. His wife ought to be willing sometimes to share HIS point of view—

If she is fond of HIM.

Why shouldn't she let him make her think?

That it's all right for even a married man to take a night off, now and then, with his friends.

That his home ought not to be neat enough to spoil his comfort in it.

That he is giving her as large an allowance as he can afford.

Oh, it isn't just in the matter of earning that we believe in a fifty-fifty marriage.

It's all the way through married life that we'd like to see fifty-fiftyness, with both husband and wife giving—and giving IN—equally.

With what we think is the perfect rule for the united state, as well as for the United States.

"Liberty AND order now and forever—one and inseparable!"

That's REAL marriage, where the

RECIPE FOR AN INEXPENSIVE DATE

Make certain that it rains, then call your girl on the telephone and ask her if she wishes to see the new picture.

She may accept. If so, arrive at her home late. (Girls appreciate such considerate forethought.) Enter the parlor without removing rubbers, and with the dripping umbrella in your hands.

As an ice-breaker, make the following remark: "This certainly is a beastly night to go to a show, but I suppose we must make the best of it and take a chance at the subway."

If, after hearing this, she still smiles, you may remark that she is looking a bit off, this special evening, and suggest that she had better stay home and not jeopardize her health.

If she insists that the evening must not be spoiled, give one yelp and sink into a chair, your left hand to your heart.

This will denote a heart attack, which will save the evening from all further chance of expenditure.

Your girl will then minister to you, and, incidentally, you will find out how good a nurse she can be in an emergency.

All the above good time can be had on two nickel car fares. If the same subway or trolley joins your neighborhood to hers.

The Farmer's Advice

By Alfalfa Smith

HOW'S your health? Isn't it wonderful that we have so many people taking an interest in our health?

If we are fat, we have those who will tell us how to diet and get thin.

If we are too thin, we can easily find some one who will tell us just how to get fat, and so it goes.

However, the man who takes his car to the garage every 500 miles and has it gone over would do well to do a little thinking about the human machine.

We are fearfully and wonderfully made, yes, verily!

time may be shortened to half an hour by using thinly sliced apples and to twenty minutes by using apple sauce.

The usual working tools and utensils for deep dish apple pie or shortcake are needed for pandowdy: mixing bowl, measuring cup, tablespoon, sifter, teaspoon, floured board, rolling pin, sharp knife, bowl for apples, deep baking dish, thermometer clock.

Grease the baking dish well. Pare and slice the apples thin and cover the bottom of the dish with a layer; sprinkle with sugar and a little cinnamon. Repeat twice. The dish should be nearly full when all the apples and sugar are in.

Cover with a crust of short biscuit dough and fit neatly over the edges of the dish. A good recipe for the biscuit requires two cups of flour sifted with four teaspoons baking powder, one-half teaspoon salt and two tablespoons sugar mixed with three-fourths cup milk and then with two tablespoons melted shortening. Roll out deftly on a floured board.

Bake the pandowdy in a moderate oven until the crust is brown and the apples tender and sweet, from half to three-quarters of an hour.

To serve, loosen the crust from the baking dish and place a large platter over the pie and invert. The apples will rest upon the crusty foundation. Serve very hot with cream, hard sauce, custard or any favorite sauce.

APPLE PANDOWDY Four or five tart apples. One cup sugar or more. One teaspoon cinnamon. Biscuit dough for top. Baking time: thirty to forty-five minutes in moderate oven, 375 degrees F.

In the original pandowdy the apples were quartered and three-quarters of an hour in the oven was none too long to bake them beautifully. The baking

World's Window

By Pierre Van Passen

PARIS, September.

Sister Plot Seen

American visitors to the Continent are now being accused of waging war on the French—a war which, it is carried on, according to one of the critics by means of drafts. In a train he points out, when the majority of passengers are comfortably settled, an Anglo-Saxon enters and immediately opens all the windows. Or it may be that in a restaurant or a ballroom the representatives of the Latin races suddenly begin to shiver, and, on making inquiries, find that an American visitor had passed that way and instructed the maître d'hôtel to open a few windows. The Frenchman cannot be suspected of any exaggerated love of fresh air, for he will stew for hours in the stuffiest railway compartment, considering that the stuffiness is simply comfortable warmth. The Anglo-Saxon, with his passion for open windows and clean breezes, often appears to him to be a "fresh air fiend" of the most dangerous type, for he thoroughly enjoys himself and flourishes in drafts which set his Latin companions sneezing. And later, says our critic, "we read that Madame or Madame Somebody or other has died of bronchitis or pleurisy. These Anglo-Saxons during the tourist season are killing us off individually, slowly but surely."

Jack London

Taboo

The Under-Secretary of State for Home Affairs, Signor Michele Bianchi, has issued a circular to the Prefects of Italy's ninety-two provinces, instructing them to check the excessive sale and diffusion of the works of Russian authors, such as Gorki, Gogol, Dostoevski, Tolstoi and Turgenev, and of the novels of Jack London. "The Iron Heel" being especially mentioned. "There is no desire," says the circular, "to interfere with the legitimate sale of these books at normal prices; but in view of the fact that they are being sold in bookshops or on bookstalls, but only to check it when contingent circumstances lead to the conviction that the works in question are being diffused with the view of propagating doctrines in direct contradiction with those in which Fascism intends to educate the new generation. When volumes, well-bound and well-printed, are offered at prices which must obviously entail a loss on the seller, there are grounds for well-founded suspicions that the sale is being undertaken for illicit purposes, and it should therefore be suppressed."

War on Fashions

There is a new set of stories of the tactical and sometimes humorous devices adopted by Parisian police in France, who are scandalized by the fashions exhibited in their country churches by Parisiennes on holiday but who hesitate to enforce an episcopal injunction that entry to their churches should be refused to women who are too lightly clothed. Some have put up notices which adopt the formula invented recently by the cure of Meudon—of which church it will be remembered, Rabalais was once the incumbent—which are too hot: "It runs: 'remember that it is better to perspire a little on earth than to roast in hell.' At Villeneuve-Saint-Georges the curé has found another device. It is to assume that brides whose dresses are cut low in the neck and short in the arm are forced by limited means to adopt this fashion, and he keeps in the vestry a dainty little white knitted fichu, which he insists upon the wearing before he will marry them.

ORGANIZED WOMEN ENJOY PROGRAM MEET

The Organized Women of the First Christian church met at the home of Mrs. W. F. Downing, 1927 Garvin avenue yesterday afternoon. Mrs. W. Bray the president opened the meeting with community singing and prayer. Committees were appointed for the bazaar which is to be held Dec. 6 and 7. They were: fancy booth Mrs. O. F. Barley; candy Mrs. C. Wright; apron, Mrs. O. A. Clark; tea, Mrs. Nettie Newson; grab-bag, Mrs. C. Megenly; home cooked food, Mrs. J. Craig; music, Mrs. P. M. Black; place for bazaar, Mrs. B. McCormick.

Owing to the illness of Mrs. Clark C. Kautzer the ladies were disappointed at not hearing the talk to have been given of her recent trip to Europe and the British Isles.

A fine program was presented which included a vocal solo by Mrs. W. H. Pace, reading by Mrs. W. J. Bray; a vocal duet was rendered by Mrs. George Clark and Mrs. Vance Yeager, and a reading by Mrs. Nettie Newson.

The hostess was assisted by Mrs. Fred Watson, Mrs. C. Megenly and Mrs. J. Craig. In serving refreshments, and they also passed out to each member cuttings from the day's papers of "clever sayings" which every one read.

The president Mrs. Bray requested all members to attend the next meeting next Thursday at the church at 2 o'clock, as there is a great deal of important business to discuss.

A very pleasant afternoon was enjoyed by the group and the hostess Mrs. Downing wished to thank those who furnished the program and her refreshment committee.

Nebraska's share of Federal Aid road construction funds for the current fiscal year is \$1,586,299, reports the California State Automobile association.

Enjoy automatic gas fired heating

**"So that's why the air is
so warm and fresh!"**

When you heat with gas fuel your home is warm. The air is fresh.

A good automatic gas-fired heating system costs less than any other automatic system. It lasts for long years with little servicing. Still, it works like any good system, except that it burns gas fuel which requires no storage space. This is a cleaner fuel that is more responsive to quick, automatic control. It is odorless because the firebox is properly vented. You touch an electrical control—healthful circulating warmth starts flowing into your home.

There are many types of good gas-fired heating equipment. How can you know which to choose?

The experience of P G and E engineers and their knowledge of all types of gas-fired heating systems qualifies them to judge which is the most adaptable for each home. They will help you select a good system. And we are interested in having you use a perfectly working system, for that means a satisfied P G and E customer.

LUPE VELEZ, MIX STAR IN FILMS AT FOX

A double bill will be featured by the Fox-California theater today and tomorrow.

On the same bill is Lupe Velez in the Paramount feature, "Wolf Song," and Tom Mix in "The Drifter."

Featured with Gary Cooper, striking hero of "Lone Star," "The Legion of the Condemned" and other famous productions, and Louis Wolheim, "hard-boiled" character actor, Miss Velez plays a part which is in effect a re-incarnation of her own life. She dances and sings with the same intimate fervor which brought her a part in a theatrical production in Mexico City when she was but a child and which ultimately brought her to fame on the screen.

"Wolf Song," which is the theme-song of this flaming romance of western frontiersmen and old Mexico in the 1840's, is a lovely vehicle for the splendid singing voice of Miss Velez. The song breathes the flavor of warm southern love and flavors the production with just the proper vocal and musical touch to make "Wolf Song" the most perfect love story yet appeared. She is entirely "in character"—just being herself.

Mishaps, which resulted in graphic cinema realism, peppered the filming of the FBO production, "The Drifter," in which Tom Mix stars at the Fox-California theater today.

Camera work had been under way originally when Tom Mix was re-injured his left thigh which had been badly hurt when "Outlaws" was being made. The casualty originally called for a new Mix, but in doing a flying mount that his leg was violently jammed against the horn of the saddle. A blood vessel was ruptured, and for a time, the star's entire right side was affected.

A bit of too venturesome horsemanship on the part of the star during the early days of the filming of "The Drifter" aggravated the healing injury. Once more he incurred the hospital bed and production was at a stand-still for several days.

Fat Girls! Here's A Tip For You

All over the world Kruschen Salts is appealing to girls and women who strive for an attractive, free from fat figure that cannot fail to win admiration.

Here's the recipe that banishes fat and brings into blossom all the natural attractiveness that every woman possesses.

Every morning take one half teaspoon of Kruschen Salts in a glass of hot water before breakfast.

Be sure and do this every morning for "It's the little daily dose that takes off the fat. Don't miss a morning. The Kruschen habit means that every particle of poisonous waste matter and harmful acids and gases are expelled from the system.

At the same time the stomach, liver, kidneys and bowels are toned up and the pure, fresh blood containing Nature's salt life-giving salts is carried to every organ, gland, nerve and fibre of the body and this is followed by "that Kruschen feeling" of energized health and activity that is reflected in bright eyes, clear skin, cheerful vivacity and charming figure.

See an 85c bottle of Kruschen Salts at LaMoine Drug Co. or any drug store (lasts two months) with the distinct understanding that you must be satisfied with results or money back.

SHIPPING NEWS PUBLISHED BY PARR

Publication of a house organ for his terminal interests in Richmond and Oakland, to be known as "Terminal News" was announced by Fred D. Parr, head of the Parr-Richmond Terminal company.

In the initial number, off the press yesterday, Frank M. Chandler writes an article setting forth the advantages to shippers of using the Parr-Richmond Terminal for all classes of commodities, and calls attention to the fact that the completion of this new facility puts Richmond on a par with the other cities around the bay as a shipping center of prime importance.

The new facility in Richmond makes available to the shipper located at Richmond, and many other points which reach the city by rail water or highway conveniently, direct steamer service to and from practically all ports, at rates no higher than apply at any other port on San Francisco Bay," wrote Chandler in his article. "It makes available to both rail and water carriers a new, unexcelled terminal for interchange of freight, adequate in size, depth of water, rail tracks, fire protection, and with incidental rates and charges as low or lower than are assessed at any other bay terminal.

"Local shippers and carriers can appreciate the value of the terminal to them, and we confidently believe that those advantages will likewise be made apparent to shippers beyond Richmond and Contra Costa county, who will find the new facility equal or superior in service to the facilities at any other port.

"The new terminal will enable Richmond to take its rightful place as a foresighted, progressive community, to guarantee present and prospective industries adequate transportation by rail and water at rates on a parity with adjacent cities, and removes all handicaps and obstructions to sound industrial growth. The citizens of Richmond can be proud of this achievement and of Richmond's status as a real port. Industrial growth and community development are sure to follow."

Fred D. Parr said the Terminal News will be circulated among nearly 10,000 shippers and transportation executives on the coast.

BUILDS HOME FOR ONLY \$50

HOLLAND, Mich.—Rather than become an object of charity when his home burned, Fred Baldwin has become probably the smallest taxpayer in the city of Holland. That is, for a person owning his own home.

He built his house for \$50. Lumber was secured from salvage of a demolished factory at a cost of \$20 per 1000 feet. The house consists of three rooms. A kitchen, 6x8 feet; living room 8-8 feet, and a bedroom, 8-8 feet. In each of the rooms is a window about a foot square. The roof is fireproof but there is no siding on the structure no plaster on the inside and no basement.

The furniture is the plainest and Baldwin does all of his own cooking. He raises vegetables in a garden that almost surrounds the house. He works at odd jobs and devotes the rest of his time to tinkering and gardening.

All he asks is a humble house that Fred built, but he'll tell you there is no place like home.

RICH WOMAN'S BODY FOUND IN CREEK

(Continued from page 1)

The body was removed to an undertaking parlor in Suisun a few hours later.

An inquest will probably be held Friday, although definite time has not been determined. Gertrude Klotz, county coroner indicated that prominent physicians would be asked to make examinations before the inquest.

Found By Youth

A reward of \$5000 offered for the discovery of the missing woman probably be claimed by Bernold Glaschoff, 18, son of the rancher on whose property the body was located.

There were two indications the woman might have been a victim of foul play.

The creek bed in which her body was found was searched carefully for a week by more than 500 persons and police dogs.

She was clothed in a pair of brown overalls, the kind usually worn by carpenters, although she was last seen alive in ankle-length dresses of a previous generation, and acquaintances were puzzled as to how she could have obtained the overalls.

Brothers Differ

It was recalled that two brothers of the dead woman, Matt and Ned, who are prominent in Southern California, express different views on the fate of Miss Wolfkill, a few days after she vanished.

"She is dead," Ned claimed before Sheriff Jack Thornton of Solano county. "She ran away from that nurse Matt hired, was lost in the hills and died from exposure."

Matt Wolfkill maintained that his sister, noted in this region as an eccentric, had been kidnapped.

Identification of the body which was found after dark, was made by M. A. Harris, a private detective hired by a Los Angeles bank, and Undersheriff Charles Perry.

Dead 2 Months

Perry said the body seemed to have been in the water at least two months.

The creek where the find was made by Glaschoff is only a mile and a half from a house where Miss Wolfkill formerly resided, and a comparatively short distance from the ranch from which she disappeared.

Miss Wolfkill had been attended by a nurse for many years because of her habit of talking to herself and her custom of hiking to a hill top near her home where

SOCIAL EVENTS

MRS. POULSEN RETURNS FROM EUROPE TOUR

After a three months absence Mrs. G. M. Poulsen of 1403 Nevin avenue is back home again. Accompanied by Mrs. Marie Clausen, Mrs. Poulsen visited in Denmark and Germany. Mrs. Clausen will remain until the last of October when she will return going via Florida. She is also a cousin of A. Poulsen of Woodland.

They returned on the "Esthonia" sailing from Copenhagen and spent some time in New York, Detroit, Niagara Falls and Chicago before coming to California. Mrs. Poulsen visited her old home at Hjoerring, Denmark and then with her mother and his family toured Germany via automobile. They passed through many country villages, visited old castles, churches and historical spots. They made a special trip to Lubeck where they saw the famous painting "The Death of Lubeck" which covers the entire wall of an old church.

Mrs. Poulsen has not been to Denmark for seven years until this last visit.

streets of this city today if it were not for Mrs. Lois Pantages, who took and strangled a man, who took a man away from his wife and five children. It was Mrs. Pantages, the same who sits at this counsel table.

"It was not Dr. Donald Case (surgeon who was operating on Rokumoto at the time of his death) who killed Mr. Rokumoto. We will show that by the hypothetical question we will propound if we are allowed to reopen the case. It was the brain clot put on that man's brain by Mrs. Pantages that took a human life—not the ether."

As Mrs. Pantages heard the auto accident pictures as a "strangling" she broke down and wept. Her chief counsel, Max Steuer, rose and criticized Pitt's speech as "mob inspired and unworthy of a public official."

In his ruling, Judge Hardy said that he was permitting the state to present medical testimony at this time because it was a field already opened.

The battle over admission of the state's evidence occupied the greater part of the session. It was precipitated by questioning of Dr. A. F. Wagner, county autopsy surgeon. The defense objected to a state question as to whether Dr. Wagner had found in his autopsy any indication that administration of an anesthetic influenced death.

Impeachment Sought
Earlier, half a dozen witnesses were called by the prosecution in an effort to impeach defense testimony.

timony that Mrs. Pantages was sober at the time of the accident. Capt. Jesse Winn, district attorney's investigator testified that Mrs. Katherine Mulcahy, defense witness, had told him that Mrs. Pantages was drunk, but later testified at the trial that she believed her sober.

Jack B. Yellen admitted, on rebuttal, that John Contorio, prominent defense witness, had asked him to visit Alexander Pantages, husband of the defendant, and tell him that Contorio could "do Mrs. Pantages some good."

Yellen said that Contorio had asked him if he wanted to "make some dough?" The defense objected to the state's question if Yellen had visited Pantages and was upheld.

With the new state medical testimony, the time for the case to go to the jury was indefinite.

SPORTS

HIGH GRIDDERS WILL MEET BERKELEY

The football team of Richmond Union high school will meet Berkeley high tonight in what promises to be one of the largest games that Richmond will play this season.

Coach Ivan W. Hill, Richmond, high coach, will send his strongest lineup on the field tomorrow. The boys who will probably see plenty of action are: Degnan, Locke, ends; Carson, Dunne, tackles; Wilson, Neekle, guards; Peters, center; Lane, quarterback; Hall, Rosano, halfback; Accamazo, fullback.

The "Yellowjackets" have always offered Richmond high every opposition. But the local gridder's intend to make this struggle an even one. Coach Hill has been drilling the squad every night, and now has a first class team.

The pupils of Richmond high are intending to attend the contest in full force, and the school band will play under the direction of George Morris. More than 200 fans will probably travel to Berkeley tonight.

35 Entered In Tennis Tourney

More than 35 tennis players have entered the Contra Costa held at the Richmond city hall tennis championship play which and natatorium tennis courts.

42 ENTER U. S. NET TOURNAY

NEW YORK, Sept. 19.—UP—Forty-two professionals from the United States and Europe will compete for the National professional tennis championships at the West Side Tennis club, Forest Hills, L. I., the Professional Lawn Tennis association announced today.

Of this number 22 have been byed through the first round, the remaining 20 to play their first matches Monday.

Vincent Richards, defending champion, was seeded first in the draw, ahead of Karel Kozeluh, the world champion, who was runner-up to Richards last year. Other seeded players, in order, were J. Basil McGuffee, Charles Wood and Wallace F. Johnson.

TEXAS ROAD FUNDS

Texas' share of federal aid road construction funds for the current fiscal year is \$4,531,162, according to the California State Automobile association.

Will start here Sept. 25, according to A. S. Remel, chairman of the Richmond Tennis club's tournament committee which is sponsoring the championship play.

At least 60 players are expected to enter the tournament. Remel stated yesterday.

The Golden Gate and the Oakland Tennis clubs have entered the tournament.

Entries will close Saturday afternoon, Remel stated. Play will start Monday at the Richmond city hall tennis championship play which and natatorium tennis courts.

Yankees Lose In American; Cubs Win First

By UNITED PRESS

American League:

The New York Yankees suffered their first defeat Thursday when Hal McKinn, of Chicago, held them to four hits and beat them, 7 to 0. Four hits were all that Detroit could have off Rube Walberg and the Philadelphia Athletics scored a 5 to 1 victory.

Washington fans were treated to their third great pitching duel in two days when the Senators defeated St. Louis, 2 to 1. Milt Gaston held Cleveland to six hits and Boston beat Cleveland 3 to 2.

National League:

The Chicago Cubs won their first game as champions of the National league when Pat Malone shut out the New York Giants with six hits to win, 5 to 0.

Ray Grimes was knocked from the box in the seventh inning as Boston defeated Pittsburgh, 6 to 5 to 0, in the only other game of the day.

Ray Kolp held Philadelphia to four hits and Cincinnati won, 5 to 0, in the only other game of the day.

Sharkey Invites Governor To Bout

ORANGETOWN, N. Y., Sept. 19.—UP—Jack Sharkey today issued an invitation to Gov. Franklin D. Roosevelt of New York to witness his next Thursday night, Loughran bout with Tommy Loughran.

Sharkey went on the road this morning, played golf in the afternoon and then drove to New York.

C.C.C. BASEBALL LEAGUE TO BE ORGANIZED

Organization of a Contra Costa County Winter Baseball league is in prospect as the result of a meeting of baseball managers held in Oakland recently.

Organizers of the Oakland winter league are making a strong attempt to have the San Pablo club enter the league but whether the team will, is still a matter of conjecture.

The main problem facing the entry of the San Pablos in the Oakland league, is whether or not they will make enough money to pay expenses during the season.

A year ago the Pablos played an Oakland team for the championship at Oakland and from a financial standpoint the game was a "flop." However, when the team plays on its home grounds here, there is always a large enough crowd on hand to guarantee expenses and more.

The San Pablo boys feel that if they enter the C. C. C. league, a number of their games will be played at home and the team will receive better support.

If the C. C. C. league is organized, teams would be entered by San Pablo, El Cerrito, Rodco, Richmond and Martinez.

The Thomas Motors team is considered a likely prospect for the C. C. C. league, although the Oakland winter league is bringing pressure to bear to have both the San Pablos and the Motors enter the league.

Among the Richmond representatives present at the session were Phil Jones (unattached), L. J. Thomas and "Bud" Lewis (Thomas Motors) and Ted Crist, Khaki Moltze and Bill Gualdoni (San Pablos).

High Athletes May Join With League Monday

The Alameda County Athletic league will consider the application of the Richmond Union High school for entrance into the organization at the semi-annual meeting of officials of the league Monday night.

It accepted by the league, which was formerly a member of the California Interscholastic Football league, the local athletes will have a greater chance than formerly to contend in state contests.

Members of the Alameda league are Berkeley, Alameda, Hayward and Centerville high schools. For many years the local teams have been remarkably successful in their contests with schools not in the league, and it is expected that that success will be continued in its contests as a member of the league.

1929 Series Recall Good Old Days

NEW YORK, Sept. 19.—(UP)—The Cubs and Athletics of 1929, meeting in the world series, bid fair to revive the glory of the "good old days" of baseball.

Traditions of the national pastime still cling to these two ball clubs, although neither has been at the top for many years.

It is nearly a score of years, 1910, to be exact, since Frank Chance, the peerless leader, led his Chicago Cubs against the Philadelphia Athletics, then, as now, managed by the astute and laconic Cornelius McGillicuddy.

The Cubs had won the last National league pennant they were to achieve under Chance's leadership, with 104 victories and 50 defeats, 13 games ahead of their nearest rivals, the New York Giants. The Athletics had led the American league with 102 victories and 48 defeats, 13½ games ahead of the Yankees.

In the one world series in which they met, that of 1910, the Athletics overwhelmed their National league rivals, winning four out of five games. Jack Coombs won three games for the American league champions, Chief Bender the other. Bender was the loser in the only game won by the Cubs, Cole and Brown pitching for Chicago.

Mighty men of baseball participated in that series, most of them now merely so many names to fans of the present day. The Tinker to Evers to Chance combination no longer functioned in

San Pablo Nine Meets Emeryville Team On Sunday

The San Pablo nine will meet the Emeryville Tires Sunday on the San Pablo diamond instead of Rodeo as formerly scheduled. Hodeo has cancelled their game with the San Pablos because they will not be able to appear with full-strength. The Emeryville club is reputed to be the equal of the Rodeoans.

Bill Gualdoni, who has been catching for the Tucson club of the Arizona league during the past summer, will be behind the plate for the San Pablo team. Local admirers of Gualdoni are planning a large reception for the former Richmond catcher.

It's smooth run killing way. But the powerful Heinzie Zimmermann was at the keystone sack in place of the more famous Evers.

S.F. SEALS TAKE LEAD IN LEAGUE

SAN FRANCISCO, Sept. 19.—P.—Three straight victories of the San Francisco Seals over the Missions had sent the Seals to first place of the Pacific Coast league tonight but they were only three and a half games ahead of the fifth place Portland Beavers.

The Seals had enough runs to beat the Missions, 10 to 5, and went into leadership of the circuit because Los Angeles was defeating their predecessors, Hollywood, 4 to 1.

Portland remained in the running by beating Sacramento, 4 to 1, and Seattle vanquished Oakland, 5 to 1.

Three Bears Shot By Local Nimrod

E. B. Lowery drove down Macdonald avenue yesterday afternoon in a new Chrysler machine, with the skins of three bears, which he had killed in Amador county Wednesday, proudly displayed.

Before leaving for his hunting trip with Dr. Hall Vestal and Charles Bowen, Lowery made a bet with Harry Curry, local auto dealer, whereby the latter was to drive him through town in a new Chrysler if he returned with a bear.

Wednesday Lowery shot and killed a mother bear and her two cubs.

at CLEVELAND

Flying his Wright-motored Buhl Air Sedan, powered with Richfield Gasoline and Richfield Motor Oil, Loren Mendell, famous "Angeleno" endurance flight pilot, finished first in elapsed time, in the Oakland to Cleveland race of the National Air Derby.

Richfield was winner also in a majority of the closed course events at Cleveland, recalling its remarkable performance in the 1928 air races in Los Angeles, when it won four of the six major events... the greatest competitive record ever credited to any gasoline!

at ALTOONA

Lou Meyer...1st, Fred Frame...2nd, Myron Stevens...3rd, in the Annual Altoona Labor Day Speedway Classic. All three of these daring drivers used Richfield...a triple triumph for "the gasoline of power!"

Meyer's victory in this race clinched the 1929 Speed Crown...his second consecutive National A.A.A. Speedway Championship and an added tribute to Richfield Gasoline for Meyer used this famous motor fuel in his car exclusively throughout the 1929 racing season.

at PIKE'S PEAK

Glen Shultz, driving a stock Studebaker President Eight, powered with Richfield Gasoline, won the Penrose Trophy in the Annual Labor Day Pike's Peak Run...the most spectacular and grueling event of the year for strictly stock cars.

Shultz covered the 11.9 miles from Crystal Creek to the Summit in 21 minutes, 43 seconds...the fastest time ever made over this course. Richfield furnished the power, speed, the unfailing dependability necessary for this grueling run...another great record for "the gasoline of power!"

TIME after time, Richfield has triumphed in competition with practically every leading brand of gasoline. Exclusive choice of the country's leading drivers and pilots, it has won more victories and world's records than all other gasolines combined. Its outstanding qualities—proved in grueling competitive events—are the same qualities you need in your own car—instant acceleration, power, speed and mileage combined.

Strength Regained

Woodland, Cal., Mar. 28, 1928.

Several months ago I strained my back. It was very painful and got worse every day. My general health was affected and I became so weak that I could scarcely walk.

I was recommended to take the Fong Wan Herbs. After the first three weeks of the treatment I had gained seven pounds in weight. My health is now entirely restored, my back is well and I am strong again.

I take pleasure in endorsing the wonderful herbs of Fong Wan.

Prospects For 1929 Football On Coast Good

SAN FRANCISCO, Sept. 19.—UP—A general outbreak of optimism has featured first days of practice on football training fields of 10 universities in the Pacific Coast conference.

For the first time in the memory of old fans there have not been and chronic complaints from coaches about failure of stars to report or wallowing about weaknesses brought about by graduation depletions.

Never in more than a decade, during which time the circuit has been dominated by performances of Oregon, Washington, California, Stanford and University of Southern California, have preparatory scrimmages worked more smoothly than among all teams of the conference today.

This appeared to be due to the fact that the prospects of these five teams equal or surpass those of any other year, while their five competitors foresee greater prosperity than heretofore with more promising candidates. Also the percentage of veterans failing to report as expected has been much smaller than usual.

While last year the three California schools were favored from the start and finished one, two, three, this season finds Oregon and Washington prepared to depend solely on the breaks to end in the first division instead of entering their important games with an inferiority complex.

Twenty Huskies who won their "W" last year are working with fervor at Seattle. Dissension between their coach, Enoch Bagshaw, and the student body, which effected them last year, was apparently past for they established a new custom by ducking the coach along with their new captain on the first day of practice.

Police Probe Finding Of Money Sack

MARTINEZ, Sept. 19.—Sheriff's officers are attempting to trace a money bag, bearing the stamp of the Dime Savings and Trust company of Peoria, Ill., that was found lying in a vacant lot in San Pablo by "Buck" Moltoza yesterday. The bag contained 35 loaded cartridges of .32 caliber.

The bag is believed to have been thrown into the lot by a confederate of the gang that robbed a Southern Pacific train near Pittsburgh several months ago.

Moltoza was walking across the lot when he made the discovery. Officers are working on the theory that the bag may have belonged to the gang of "Little Jake" Fleagle who is believed to have escaped when George DeMoss and others of the Fleagle gang were arrested at Peoria.

Bright Funeral Held Yesterday

Funeral services were conducted from the Wilson and Kratzer chapel yesterday afternoon for Arieh Bright, who died at the Martinez hospital several days ago. Services were under the direction of the Church of the Latter Day Saints. Interment was in West View cemetery.

Deceased leaves a widow and five children and several brothers and sisters. He was formerly a carpenter.

BRITISH GROUPS TO PRESENT PROGRAM

A program of British songs and dances will feature the entertainment tomorrow night in Memorial hall for the benefit of the British Benevolent society. The event is being held under the auspices of Unity and Alexandria lodges. Daughters of St. George, St. Andrews society of Richmond and G. J. Stone lodge, Sons of St. George.

Hon. Gerald Campbell, British consul general of San Francisco, will be the speaker of the evening. W. J. Macdonald, president of the St. Andrews society of Richmond, will preside.

Word was received yesterday from Hon. Winston Churchill, former chancellor of the exchequer of Great Britain, that he will be unable to attend the event owing to his schedule carrying him to southern California.

The program, which will be followed by dancing with Dennis Shaw's orchestra providing the music, will be as follows:

Bag pipe selections, Major Angus Craig.

Baritone solo, Alex Bremner.

Violin solo, Miss Dorothy Learmont.

Highland dancing, Misses B. and B. Craig.

Soprano solo, Mrs. Nellie Clark Aising.

Address, Hon. Gerald Campbell, H. B. M., Consul General, San Francisco. (Introduced by David Carmichael, Eastbay president of British Benevolent Society.)

Tenor solo, D. A. MacAdam.

Irish dancing, Misses B. and B. Craig. Accompanist Miss Helen Thompson.

Contralto solo, Mrs. J. Stuart.

The committee in charge of arrangements is composed of W. J. Macdonald, chairman, James Stuart, George Smith, Charles Badcock, Arthur Powell and Joseph Baker. G. H. Protheroe will be floor manager.

LOPAS CASE MAY GO TO JURY TODAY

(Continued from Page 1)

was sent to him that he appear at a certain spot with \$10,000. Persico carried a bag of washers, representing the money. Although he waited for several hours, Olney said, the letter writer failed to appear.

Woman Seen
Olney declared that a short, stout, dark woman was seen, however, to step from a street car, but when she observed other persons with Persico, she took the next car away.

Mrs. Maud Persico, the widow of the hotel owner, and William J. Crone, a business associate were called but their testimony concerning the letters was ruled out as hearsay.

Frank Foster, postal employee of San Francisco, testified that the stamps on the letters sent to Persico were cancelled in San Francisco and identified the cancellation stamp.

Police On Stand
Details of Mrs. Lopas' alleged confession that she was the author of the notes were given by Chief of Police Dan Cox and Inspector George Bengley, of the Richmond police department. The chief of police claimed that Persico had criminally assaulted her.

A written statement that Mrs. Lopas made admitting authorship of the letter, was entered as evidence.

At this point the prosecution rested its case.

Defense Witness

The first witness called for the defense was H. R. Burnell, a friend of both Mrs. Lopas and Persico. He testified that Persico and Mrs. Lopas had been friendly for some time.

After Burnell left the stand, the trial was continued by Judge Alvarado until tomorrow morning.

Attorneys Leo Torney and Robert Colling are representing the defense. They announced that a second witness will be called at the opening session this morning.

A few days after Mrs. Lopas was arrested in August, Persico committed suicide. Authorities attribute his act to the fact that he had been worried over the letters.

After a preliminary examination in Richmond Mrs. Lopas was held to answer to the court. She pleaded guilty to the charge, before Judge Alvarado and asked probation. But when it was denied her, she changed her plea.

Shade To Meet Roche Oct. 2

Dave Shade, Richmond middleweight prizefighter, has been signed by Jack Dempsey to box rounds against Joe Roche in Chicago Oct. 2. Jackie Fields and Vince Dundee meet in the main event.

It is expected in boxing circles that Shade will soon be aiming for the title recently removed from Mickey Walker by the National Boxing association.

CIRCLE NO. 5 WESLEY AID AT WILSON HOME

Mrs. W. D. Wilson of 2537 Esmond avenue was hostess to members of Circle 5, of the Ladies Aid society of the Wesley Methodist church yesterday afternoon. During the business session Mrs. Alfred Bloomquist presided.

Mrs. Clyde Baker, chairman, was presented with a gift by the circle. Since Rev. C. G. Lindemann will again be pastor of the Wesley M. E. church the group welcomed him back by presenting Mrs. Lindemann with a basket of flowers.

Refreshments were served by the hostess after the meeting. Mrs. Alfred Bloomquist will entertain the circle Oct. 17 at the home on San Pablo.

Protect Your Furniture

A \$1.25 to Rid Your Home of Moths May Save You Hundreds of Dollars.

MORTEMOTH KILLS MOTHS

The gas from Mortemoth crystals not only protects your furniture for a long time, but contact with it kills all moths, their eggs and their dangerous larvae in furniture which is already infested.

The proper method of using Mortemoth crystals is to tie them in small sacks, and to place these sacks down in the channel of the piece, as deeply as possible, behind the cushions, so that, upon expansion, the gas will spread and fill the spring units in the back and in the bottom of the piece.

When the sacks are empty, fill them again.

Chinese Frieze On Display At High School

An ancient Chinese frieze has been loaned for exhibition to the Richmond Union High School by B. X. Tucker, principal of the school. The carving was purchased by Tucker from an old Chinese at Suicide Slough near Bay Point. It had been found by the Oriental in the wreckage of an old ship.

The piece of art appears to have been attached to a larger plaque. It is carved from slate and serpentine and portrays a view of a coast. It is carved to that the various colors of the stone give the natural coloring of the objects represented.

The plaque is on display in the drawing room of Richmond Union High school.

ROTARIANS TO HEAR TALKS

Three short addresses will be made before members of the Richmond Rotary club this afternoon in the Hotel Carquinez.

C. C. Kratzer, local Buick dealer, will tell of his trip through Europe; Otto Ludwig will tell of early days in Richmond and W. F. Fraser has chosen a vocational topic.

Frank Mero will be chairman of the day.

Driver Fined \$200 In Traffic Court

C. C. McCormick, of 448 Elm street, Los Angeles, was fined \$200 on charges of reckless driving and possession of liquor when he appeared before Police Judge J. F. Paak of El Cerrito yesterday morning.

McCormick was arrested by Traffic Officer Howard Thullen late Wednesday night and was lodged in the city jail over night.

New Generator For High School Physics Class

Installation of a new motor generator for the science laboratories of the Richmond Union high school has been started by members of the physics class under the direction of M. R. Waugh, instructor.

The generator will supply current directly to the laboratory tables, thus eliminating the use of batteries in experimenting. Waugh is being assisted by two pupils of his class, Lawrence Theis and Robert Fundrick.

**SUPER-SERVICE
RIVERSIDE**
No finer tire
ever was built!
30,000 miles The Longest and Strongest
Definite Guarantee in the Industry!

MONTGOMERY WARD & CO. offers you—on this Super Service RIVERSIDE—the longest and strongest guarantee in the tire industry! ... We guarantee that when you buy a Super-Service RIVERSIDE, you will receive a minimum of 30,000 miles of service. And that guarantee stands, without "ifs," "buts," or other conditions! Moreover, to substantiate this guarantee, our own test fleet has repeatedly driven these tires 40,000 50,000 and 60,000 miles. We do not believe that 25 per cent of its users will ever wear this tire out.

Naturally, only one reason enables us to give you this superlative tire, backed by this superlative guarantee It is because the Super-Service RIVERSIDE is built of the finest materials, by famous makers, and according to the most modern methods known!

Its tread, for example, is 50 to 70 per cent thicker and both cross-section and diameter are much larger than those of ordinary tires. We use only the costliest long-staple Egyptian cord that money can buy—with extra-heavy layers of rubber between each ply And this superlative care in construction means, as a result, that the Super-Service RIVERSIDE is a safe tire at all speeds. Its ribbed sidewalls are extremely resistant to curb damage—there is unusual freedom from skidding and punctures—and along with extra road-traction you enjoy much easier riding than any ordinary tire can possibly provide!

Yet—if you will compare this guaranteed quality, for a moment, with Ward's prices then with the prices of any other make of tire merely claiming superlative performance you will see why thousands appreciate its excellence still more because of its economy. Do not, however, expect to find any other organization of Montgomery Ward & Co.'s responsibility offering you an unconditional 30,000-mile guarantee at any price! In this respect, Super-Service RIVERSIDE stands absolutely alone

THIS STORE displays a complete line of tires. The 30,000-mile Super-Service RIVERSIDE; the 16,000-mile First-Quality RIVERSIDE; and the 10,000-mile WARDWEAR. Sizes to fit any car at prices saving you from \$2 to \$15 per tire. Drop in and see how good tires can be—without costing you a penny extra for names, claims or other substitutes for guaranteed quality.

Don't pay more for

one year old battery

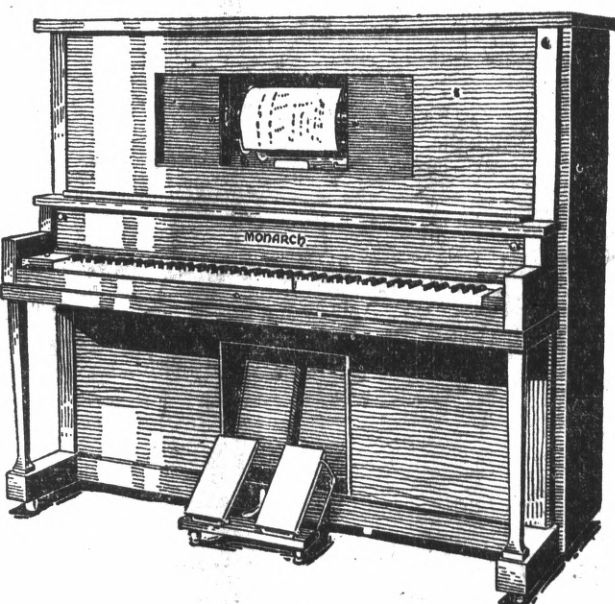

NOW is the time to get that new battery, for trouble-free winter driving. Buy the RIVERSIDE De Luxe. Save nearly half the price of others! Same rated electrical size as battery originally furnished with your car, yet has half again as much cold-weather power—because of new plate-dialing compound. Uses only finest cedar separators.

Case is acid-proof. Passes the famous U. S. Army Vibration Test. Case tested against shorts and electrical leakage under 20,000 volts. Extremely low in price, yet guaranteed for two years! Sizes for all cars—at a battery, no charge for installing. See the RIVERSIDE De Luxe today!
